Commandant's Corner May 15, 2022

Well, another month has passed and warm weather has returned. I hope all are in good health. Those of you who are under the weather and need help please let a member know. We will step up.

Your elected and appointed officers are working very hard for the Detachment and continue to look for new ideas and methods to better the unit.

I ask you, please! Step up and help with the upcoming rose program. It requires only 4 hours of standing or sitting at one of the locations (supermarkets) on Memorial Day May 30. At the present time, we still need 8 additional members to help. I seldom ask for members to volunteer, we need you. Don't expect others to do it, now is your time. If you are willing to help, please call Sue at 865-806-0490.

We are Marines, brothers and sisters who stand for our legacy of "Once a Marine Always a Marine." These funds are used for other Marines in need and for functions of MCL. What's the problem? Lend a hand.

When you joined this detachment, you did it because Marines show our colors and stand behind them. We have very few of those 170 members helping to keep us strong; please be active and come to the meetings and join in the brother- and sisterhood. Think about becoming an officer of the detachment, helping others, and keeping the oath.

I wish you good health and may your lottery ticket have the winning numbers.

Hope to see you at the Car Show on the 21st or the Rose Event on the 30th and of course the next meeting. May God Bless you, keep you in good health and heal those who are feeling poorly.

God Bless. Your Commandant.

Ken
