

Marines,

I just finished preparing a report for the Dept Convention this weekend listing all the activities we have done July 1, 2022 to present. When I compiled it all into one document, I was amazed at all the events we have participated in! From the Rose Program to the Mud Run and all things in between, I was very impressed. Well done, Marines!!

The bridge over Alcoa Hwy at Hunt Rd, Alcoa is being dedicated to Sgt Michael Ferschke on July 8th at AmVets in Midland Plaza, Alcoa at 1500. Hope to see you there!

We have started the planning for the Mud Run and your Senior Vice is doing an excellent job. The Mud Run will be on Sep 16. This will be the 20th Annual. Let's make it the biggest yet. Volunteer forms and waivers are available on the web site. We need all hands.

If you plan to convert your annual membership to life, do it quick! The cost doubles July 1.

If anyone has any ideas of a design for a new challenge coin, please let me know.

Semper Fi,

Susie
